

HILLTECH
INTERNATIONAL &
TECHNICAL SERVICES
PVT.LTD

ABOUT US

HILLTECH International engaged in supply of world-class engineering products to major industries around the globe. We strive to deliver unmatched customer satisfaction by providing quality product, timely service at competitive price. Our passion to deliver best products to customers by understanding their needs to provide complete solutions and value added consultancy services which are customized to suit specific customer requirements.

OUR AIM

We aim to make the life of our diverse clientele a little more comfortable and be viewed as trusted service partners operating solely in maintaining and preserving the value, safety, and beauty of all their effects. We transcend our client expectations by ensuring right source to their requirement we excel in power transmission products, fasteners, Valves, Gear Boxes, V-Belts, Conveyor Belts, House Pipes.

SERVICES

MECHANICAL

OIL AND GAS INDUSTRY

ELECTRICAL INDUSTRY

We supply materials for Mechanical, Electrical and Oil and Gas industries. All the products provided by the company are designed and fabricated in accordance to the international quality standards, manufactured using best quality raw materials and modern technology in compliance with high durability, high performance, less maintenance, reliability, easy to operate and long service life. Our simple payment options, pocket-friendly price, transparent dealings, customer-centric approach and ethical business policies have helped the firm achieve immense success and customer gratification.

SERVICES

We deal only with authentic quality products for all your requirements in construction and allied activities.

SAFETY MAT

ELECTRICAL PANEL & ACCESSORIES

ELECTRICAL PANELS AND ACCESSORIES

The most innovative utilities and industries around the world, including mining, marine, offshore and nuclear, use our power cable accessories. Designed to withstand environmental extremes and high pollution levels over long operating lifetimes, they help maintain service reliability in both overhead and underground

ACCESSORIES

LV switchgear solutions to connect, protect, control and measure a wide range of electrical installations, enclosures, switchboards, electronics and electromechanical devices.

Low-voltage circuit breakers for industrial, marine and commercial building projects. Safety and protection are the prime purpose of our products.

Low voltage switchgear, electrical systems, energy meters & relays. Our Brands Include L&T, ABB, SIEMENS, SCHNEIDER, BCH, BALAJI etc.

LITHIUM ION BATTERIES

Cell Watt LFP Series 12V/24V lithium iron phosphate battery pack is designed and manufactured with features of high energy density, safe and reliable, long service life, etc. With its unique advantages, it is widely used in caravans, tourist coaches, electric two-wheelers, tricycles, emergency lights, security monitoring, and other power supply equipment.

The universal dimensions with excellent performance provide the user with an ideal drop-in replacement solution for the traditional lead-acid battery.

INTELLIGENT BATTERY MANAGEMENT SYSTEM

In-house R&D innovative BMS provides various protections, balance and monitoring via Bluetooth

A Drop in Replacement & Smart Sustainable Solution for Lead-acid, AGM & Gel Batteries

EX PROOF EVAPORATIVE COOLER / UPS SYSTEMS

PORTABLE EVAPORATIVE COOLER

The RNT-EPF-AC-30-EPP.CE16A Class I Division 1 Portable Evaporative Cooling System is rated for use in hazardous location work environments. This explosion proof powder coated air chiller combines a non-sparking fan and dry mist technology to cool Class I Division 1 work areas that do not have access to traditional air conditioning. This portable cooling features a 34 gallon tank and a water filter to cool the work environment for up to 8 hours. The RNT-EPF-AC-30-EPP.CE16A is equipped with a C1D2 pin/sleeve cord cap.

UPS SYSTEM, INVERTERS

CENTRAL BATTERY SYSTEMS & SOLAR POWER

SINEGATE Series is a robust industrial-grade Uninterruptible Power Supply (UPS) system, which is a true online, double conversion UPS designed and built in accordance with IEC standards. SINEGATE Series incorporates advanced system topology to optimize the system reliability, efficiency and the overall system performance. It features PWM inverter technology, fully rated static transfer switch and high overload and fault clearing capabilities.

BATTERY CHARGERS AND CONVERTERS

INDUSTRIAL BATTERY CHARGERS

We offers LINEGATE series of heavy-duty industrial battery chargers / rectifiers designed to provide secured DC power for critical loads. These chargers are designed to charge all types of batteries, such as Ni-Cd, Vented Lead Acid, Valve-Regulated Lead Acid types etc. LINEGATE chargers are constant voltage devices with built-in current limiting feature and accurate voltage regulation for optimized performance.

STATIC FREQUENCY CONVERTERS

CYCLEGATE Series is static frequency conversion in which the utility operating frequency is converted into another utility grade frequency or into another application-specific frequency such as 50 Hz, 60 Hz or 400 Hz. These frequency converters incorporate the latest PWM technology using IGBT inverters to optimize the reliability and efficiency of frequency conversion to produce very much pure sinewave output. As well, CYCLEGATE Series is designed with total flexibility in terms of input voltage and output voltage for both single phase and three phase models.

HVAC PRODUCTS

SAND TRAP LOUVER

TRENCH HEATER

AIR CONDITIONERS (HVAC)
EX-PROOF AC
FANS & HEATERS

RELATED PRODUCTS

HATCHES & ACCESS DOORS

Duct Access Door provides a practical and easy means of gaining access to components inside of round ductwork.

Model FRAD-K90 provide economical way to access components install behind vertical shaft with fire resistance rating up to 2 hrs.

1.5 Hrs Fire Rated UL Approved.

SMOKING CABIN

SMART SMOKING CABIN

Smoking cabins are a smart way to facilitate smoking within a building, especially when there is a shortage of space and a lack of additional rooms. ... However, most of the products in the market are incredibly expensive and can cater only a few smokers at a time

CONTRACTING & SERVICES

DESIGN AND ENGINEERING

- Planning for Design build projects
- Preparation of concept design
- Preparation of design and tender documents
- Services offered are Architectural, MEP, Industrial etc.
- Execution by in-house team

INTERIOR

- Office / Residential space planning for Design build projects
- Restaurant / Retail / Showroom etc. designs

TEMPORARY FACILITIES

- Portacabins and related facilities
